20 Amp “Break Out Box” to PowerCON Connectors, Feed Thru

Bento Box®

Catalog Number:
Standard model pictured above: BNZJ2-6M
Mountable C-clamp* model: BNZJ2-6M-CLP

For ordering information and information on mountable model and hardware, see reverse side.

Description:
20 Amps per circuit, 6-circuit, Break Out Box, Bento enclosure, LSC19 panel mount male to (6) 20 Amp PowerCON receptacles, Feed Thru, NEMA 1 Indoor. Additional model available with mounting holes on a metal handle and on the back to allow vertical or horizontal mounting on a truss or pole.*

Typical Application:
Breaks an industry standard 6-circuit lighting cable into 20 Amp PowerCON connections for powering LED lights. The feed thru option allows multiple boxes to be placed along the same feed.

Markets Served:
Theatrical, Concert Production, Live Event, Motion Picture and Television Production

*Sold separately. See reverse side for ordering information.

Features & Benefits
• Provides power for LED lights using PowerCON plugs
• Optional model available that enables easy mounting vertically or horizontally with C-clamp* (see reverse side for details)
• Heavy-duty extruded engineered thermoplastic enclosure is electrically insulated and resistant to shock, impact and corrosion
• Feed-thru option allows multiple boxes to be placed along the same feed
• End plate grips for easy handling in tight spaces, and collapsible handle available on standard model
• Stackable and compact for easy storage
