

Stage Pin Extensions

ISO 9001:2008 Certified

Features & Benefits:

60 and 100 Amp:

- Extensions are made with single conductor type SC cable and are banded every 2 feet with heavy-duty type head shrink tubing
- Extensions feature stage pin connectors machined from high temperature phenolic material
- Double set screw terminals for secure terminations
- Stage pin connectors are ETL Listed

20 Amp:

- Extensions are made with Extra Hard Usage (type S00W-A) or Junior Hard Service (SJ00W-A) portable cord
- Extensions feature high temperature, impact resistant thermoplastic housings
- Male and female pins/contacts “float” for positive alignment and contact
- Stage pin connectors are UL Listed
