## DataSNAKE™ DMX Multi Cables - DMAX Version

(9) DMX512 Universes in one flexible, tour-grade overall jacketed cable

**Catalog Number:**  
**DMAX-9A-XX**

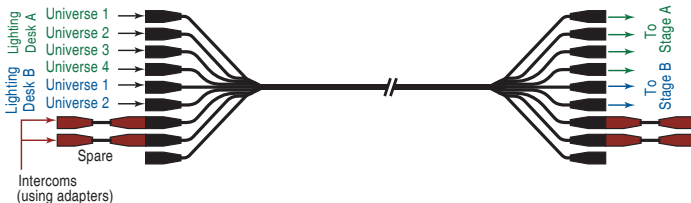

### Description:

DataSNAKE extension with (9) DMX512 Universes in one flexible, tour grade overall jacketed cable. 5 pin XLR circuits are broken out 16" from overall cable jacket.

### Typical Applications:

Theatres, Live Events, Concert Touring, Convention Centers. Great for concerts and festivals with multiple stages, or with acts on alternating, adjacent stages.

### Application Example:

### Features & Benefits:

- Saves the time and the hassle of installing, taping and striking multiple cables to front of house positions
- Neater, more professional and longer lasting than individual or banded cables
- Works with conventional XLR type DMX cables
- Custom connector and marking options are available to meet your exact needs

### Specifications:

- (9) 5 pin XLR Neutrik black/gold 5 pin male/female connectors
- (2) twisted pair 22 AWG stranded tinned copper conductors with (2) kevlar strength members for each circuit
- Each two pair shielded circuit is broken out of the multi-cable with heavy duty PVC heat-shrink
- Overall Tour Grade 60 mil PVC Jacket, Nominal O.D.: 0.68"
- Weight: 230 lbs / M ft
