- *Skin-top strain relief*

Catalog Number:*

LPA-SPK12/8-C8-xxx

**xxx Indicates Cable Length*

Description:

Lex Pro Audio CACOM-8 speaker cables.

Typical Application:

These cables use the industry standard 8 pin configuration for speaker array connections commonly used by many loudspeaker manufacturers. The cables are fully compatible with the more traditional industrial and military connectors when used in touring applications. Heavy duty components ensure long term reliability.

Markets Served:

Theatrical, Concert Touring, Live Events, Systems Rental and Install
